Music Theory Studios
Virginia Beach, VA

Dear Jazzarae:

I am pleased to submit this letter of support and or recommendation for Music Theory Studios. Our programs at Downing- Gross Cultural Arts Center serve socio-economically disadvantaged youth and their families. These youth frequently do not have exposure to high quality arts instruction. Participation in the DJ Academy, presented by Music Theory Studios, has allowed them to discover their own artistic abilities, build their self confidence and interest in the arts. The instructors are very professional, knowledgeable and have a wonderful rapport with the youth participants.

Thank you for your outreach to our center. We look forward to a continued partnership and the opportunities it will provide the community.

Sincerely,

J. Palmeira
